Casino Café de Paris, the latest gaming concept launched by  
Société des Bains de Mer

Monte-Carlo Société des Bains de Mer re-invents its gaming experience in a resolutely sparkling spirit by revealing its new Casino Café de Paris concept, which positions Monaco as THE gaming destination on the French Riviera, where players take risks and have fun at the same time.

Open 24/7, Casino Café de Paris epitomises the adrenaline and effervescence of a modern and evolved Monte-Carlo, combining the imperative for excellent service and hospitality with a chic and

casual lifestyle. This is the spirit in which Casino Café de Paris is being inaugurated on April 14, 2016, with a grand launch party attended by emblematic personalities, and featuring slot machines and surprising events based around gaming.

Close to the luxurious Pavillons Monte-Carlo shopping promenade, the new Casino subtly combines an inimitable array of gaming tables and the most advanced, extravagantly designed machines. Beginning at 2PM, the gaming tables open; roulette – not to be missed in Monaco – with a minimum bet of €2, in addition to other fashionable games of the moment, such as Black Jack (minimum bet €10) and Ultimate Texas Hold'em Poker (minimum bet €10). Exclusive to Casino Café de Paris, Punto 2000 Dragon Bonus is a modern and dynamic variant of Punto Banco for guests to discover, with a minimum bet is €10, and offers the Dragon Bonus as a side option, presenting the chance to win 20 times the initial bet. Casino Café de Paris also has over 400 brand-new slot machines, 150 of which are housed on an open-air furnished terrace. These state-of-the-art and sophisticated gaming offerings accommodate those who dare to take risks, winners, strategists and intuitive players alike.

All of these elements make Casino Café de Paris an essential venue to frequent in the Principality; an experience to enjoy with friends all year round. In addition, the décor – consisting of asymmetrically arranged and innovative materials – sets a contemporary scene, which goes hand-in-hand with the urban way of life proposed; quality food available at all times, a lounge area with entertainment and also a creative cocktail lab.
