

**Monte-Carlo Beach creates "The Dom Pérignon P2 Lounge at La Vigie"
for 70 fabulous sunsets.**

Sheltered by the pine forest, with the sea as the only horizon, this new lounge bears the Dom Pérignon mark, with a harmony of food and champagne signed by Paolo Sari, Executive Chef. In the middle of this privileged area, "The Dom Pérignon P2 Lounge at La Vigie" perpetuates the natural elegance of the Riviera. Unique and fleeting, it is the ideal venue to discover or rediscover some excellent bottles.

Richard Geoffroy, legendary cellar master of Dom Pérignon Champagne, has chosen the most splendid backdrop to unveil the P2 1998 cuvée. Enhanced after nearly 16 years in the cellar, this exceptional vintage will begin its second life at Monte-Carlo Beach, in "La Vigie" lounge.

Paolo Sari, 100% organic, star-awarded chef, has found a new playground here to create delicate mouthfuls of food which sublimate the iodised, mineral and spicy complex of the P2 cuvée.

The enchantment continues in La Vigie restaurant, just a few metres away, with all the fish from the Mediterranean.
