DURAN DURAN

Duran Duran, the legendary pop-rock group, has made music history since their debut in the 1980s. After an 18-year hiatus, the five founding members reunited in 2002 to record a new album and go on tour, sparking unprecedented global excitement.

Duran Duran have always reveled in the shadows, playing with artistic, aesthetic, and emotional extremes. As much as you can move and shout along to the timeless chants of *Hungry Like the Wolf*, *Ordinary World*, or *Rio*, it feels most natural do so under the cover of night. They're the ultimate soundtrack to sharing secrets in close whispers on the dancefloor before the lights go up. Inducted into the Rock and Roll Hall of Fame® in 2022, they've sold north of 100 million albums around the world in addition to scoring 18 American chart hits and 21 Top 20 UK smashes. Their various awards and accolades have included two GRAMMY® Awards, two Ivor Novellos, two BRIT Awards (including "Outstanding Contribution to Music" in 2004), and a star on the Hollywood Walk of Fame.

Summing up their enduring impact, Vanity Fair proclaimed, "Duran Duran's always been about constant innovation and the 'new'." Given a penchant and flair for fashion, rock music never looked the same after their emergence either. Their impact as style icons has been well documented by WWD, Vogue, and more. In between selling out shows worldwide, 2021's *FUTURE PAST* saw the group earn widespread acclaim from Salon, Rolling Stone, and more. Now, the iconic UK quartet unearth bright melodies from darkness as they thread together new tunes, covers, and alternate versions of classics on their 16th full-length offering, *DANSE MACABRE*.

After a triumphant tour in the United States for the release of their latest album *DD* last fall, the four original members of the group, Simon LeBon, John Taylor, Roger Taylor, and Nick Rhodes, will perform in Monaco, offering their fans a memorable evening of music and nostalgia.
